Change of College Affiliation_2024

The Yale College Dean’s Office is accepting change of college affiliation applications from January 22, 2024 – February 5, 2024 at noon.

As in previous years, this process is being handled centrally, therefore while your Dean, Head of College, or FROCO may be able to answer some general questions and offer guidance on whether a change is right for you, meeting with your current or prospective college leadership team prior to approval is not necessary or recommended.

This process does not require or invite students to make appeals to their current residential college staff, or that of the college to which they are applying to transfer beyond the information being requested in the form.

Students may request a change of college affiliation by completing the following form:

https://yalesurvey.ca1.qualtrics.com/jfe/form/SV_0CHlkaI3Tif8a22

Please keep the following in mind if you are considering a change of college affiliation transfer:

Transfer requests are not guaranteed, and you are strongly encouraged to have a housing option within your own college should your transfer be declined.

- Approved transfers are effective beginning the 24-25 academic year. Students do not relocate to their new residential college until the fall.
- Transfer applicants DO NOT need to contact their prospective college to meet with either the Dean or Head of College until after their transfer has been accepted.
- Transfer applicants need a current student in the prospective residential college sponsor your transfer. Please note that any single student may sponsor no more than two candidates to transfer into their college in an academic year.
- If your transfer is approved it is a binding decision, so please consider your request carefully before submitting your application.
- If your transfer is approved and you later try changing the housing arrangement (i.e. suite configuration) you had committed to on your form, your transfer may be revoked. You may also be subject to the policies and penalties of the applicable residential college housing rules.
- Students will be notified of the transfer on or about two weeks after the form submission deadline.
- The deadline is Monday, February 5, 2024 at noon and you can access the application via this form.

BRANFORD COMMON ROOM
Yale Degree Audit is a web-based tool that calculates and displays how an individual student’s courses may count toward the requirements for the bachelor’s degree. The degree audit enables students to monitor their own progress toward the completion of degree requirements. It also helps students, and their advisers discuss course selection for current and future terms more meaningfully by clarifying what requirements the student still needs to complete. Currently, major requirements are not included in the audit. Log into Yale Hub to pull up your audit.

Unlike a transcript, your degree audit is an unofficial document provided for your information and convenience. The audit serves as a tool to provide you with helpful and timely information when you are planning your course schedule, discussing your schedule with your adviser, and reviewing your progress toward completing the requirements for the bachelor’s degree. Your degree audit is not an official academic transcript.

Yale Degree Audit will help you:

- Determine what requirements you need to fulfill in order to complete your bachelor’s degree.
- View a list of all courses in which you have enrolled and the distributional designations each course carries.
- View individual course grades and cumulative grade-point average (GPA)
