While some students may finish their degree(s) at the end of a fall term, their degree(s) is conferred the following May. For example, a student came in as class of 2024 and took a leave for one semester, so they will be finishing their degree in December of 2024 instead of May 2024. Their class year is now 2025 because their degree will be conferred in May 2025.

Yale Degree Audit

Yale Degree Audit is a web-based tool that calculates and displays how an individual student's courses may count toward the requirements for the bachelor's degree. The degree audit enables students to monitor their own progress toward the completion of degree requirements. It also helps students, and their advisers discuss course selection for current and future terms more meaningfully by clarifying what requirements the student still needs to complete. Currently, major requirements are not included in the audit. YDA is located on the Academics tab of Student Information System (SIS).

Unlike a transcript, your degree audit is an unofficial document provided for your information and convenience. The audit serves as a tool to provide you with helpful and timely information when you are planning your course schedule, discussing your schedule with your adviser, and reviewing your progress toward completing the requirements for the bachelor's degree. Your degree audit is **not** an official academic transcript. Currently, major requirements are not included in the audit.

Yale Degree Audit will help you:

- Determine what requirements you need to fulfill in order to complete your bachelor's degree
- View a list of all courses in which you have enrolled and the distributional designations each course carries
- View individual course grades and cumulative grade-point average (GPA)
- View transfer credits, waivers, and exemptions for which you have been approved

Yale School of Management - Silver Scholars Program

The <u>Silver Scholars Program</u> at the Yale School of Management allows students to **earn a Yale MBA degree within three years**, directly after graduation, spring-boarding them toward their career goals and leadership positions. The program is designed for exceptional students with **strong leadership potential**. These students enroll in our full-time MBA program where they make up about 5% of the student body. Rather than the traditional summer MBA internship, Silver Scholars complete a year-long internship, extending their experience to three years. **All Yale College students receive a 50% tuition discount and an application fee waiver.**

The admissions committee seeks applicants with a combination of **intelligence**, **maturity**, **and curiosity who aim to be future leaders** in their field of interest. Candidates from **all majors** are welcome to apply; we enjoy the diversity of interests and backgrounds that Silver Scholars bring to the broader MBA class at Yale SOM.

If you would like to speak with an admissions representative, please email maria.derlipanska@yale.edu to schedule an appointment.
