Yale Degree Audit

Yale Degree Audit (YDA) is a tool that tracks your progress toward the bachelor's degree. YDA is located on the Academics tab of Student Information System (SIS). YDA displays the Yale College degree requirements that you have already completed and those that are still pending. A "Look Ahead" feature shows you how future course enrollment might apply toward your degree. Yale Degree Audit does not take the place of face-to-face advising, although you may wish to share your audit with your adviser. Instead, it provides an easy-to-read summary of requirements, allowing you and your adviser to spend more time discussing course selection and academic goals.

Do not rely solely on your degree audit when planning your courses; continue to use Yale's standard systems for schedule planning and employ YDA as an additional tool. More features will be added to YDA in the future, including the ability to track progress toward major requirements.

If you have suggestions, general observations, or questions that are not answered by the FAQs, send them to registrar@yale.edu using the subject line "Degree Audit." If you believe that academic information in your degree audit is incorrect, contact our office.
