Dear Franklinites,

One of the things that is unique and sad and wonderful about academia is that every year 25% of the population turns over. In a residential college community this affords us an opportunity to renew and reiterate our “vows” each fall, and in so doing we teach them to our new class. What we stand for. Or what we don’t stand for, and what brings us all a little lower. During Orientation there’s a lot of telling about values, but I’m more interested now in the showing. The small ways in which we treat our shared space, which says something about how we treat each other. If I jump up and down in an elevator with all my friends until it stops working, what will that mean for someone who relies on it to get to class? If I take someone’s laundry basket, how many trips to their room will they make with arms full of clothes? If I take all the wipes from the gym, will that result in a spread of germs that could make someone sick? If I leave my food all over the Common Room, am I signaling to my housemates that their comfort is less valuable than mine?

Little gestures and choices communicate how we want to live among each other, and care for one another (and our caretakers). Worth that moment of intention setting at the start of a day, and week, and for some, a new year.

-Happy shopping,
Dean Hill

i am running into a new year

i am running into a new year
and the old years blow back
like a wind
that i catch in my hair
like strong fingers like
all my old promises and
it will be hard to let go
of what i said to myself
about myself
when i was sixteen and
twentysix and thirtysix
even thirtysix but
i am running into a new year
and i beg what i love and
i leave to forgive me - Lucille Clifton

Discussion Section Enrollment is Open

Open enrollment for discussion and lab sections is now open. Departments who did not use Preference Selection now have their discussion and lab sections available in YCS. You may enroll in any discussion or lab section that still has seats available; however, you should first enroll in the lecture portion of the course before adding the discussion or lab section. Enrollment statistics for discussion and lab sections can be found on the Course Demand Statistics website. Instructions for finding and enrolling in discussion and lab sections can be found on the registration website.

Reminders

- You must enroll in at least three course credits and no more than five-and-a-half course credits per academic regulations.
- Discussion and lab sections require simultaneous enrollment in the corresponding lecture course, and vice versa. Failure to enroll in both will result in an administrative drop and $20 fee after the Add/Drop period closes.
- Enrollment in professional school courses requires the additional submission of a Request to Enroll in Professional School Course form. If the request is approved, the University Registrar’s Office will apply the appropriate course credit to your schedule.
- Add/Drop period ends for all Yale College students on September 15 at 5:00 p.m. You must have all adjustments made to your schedule by this time, as the registration worksheet in YCS will close.

Resources

- Additional course enrollment information and instructions can be found on the University Registrar’s Office registration website.
- Yale Hub has a variety of information and resources to assist you during your time at Yale.
Our mission is to help all Yale undergraduate be active, empowered learners at Yale. Though peer academic mentoring, interactive workshops, and connections to resources, we hope to provide you with the tools that can propel you towards your goals.

**ASP Peer Groups for First Years and Sophomores**

**Sign up by Tuesday, Sept. 7 @ 5 pm—First groups forming soon!**
Organized by class year and area of academic interest, these peer groups meet regularly with an ASP mentor as they explore the academic resources and opportunities that are especially important for first-year and sophomore students. To sign up, click here: [Academic Peer Mentorship Groups](#).

**ASP/Community Initiative Peer Groups for FGLI First-Years and Sophomores**

**Sign up by Tuesday, Sept. 7 @ 5 pm—First groups forming soon!**
A partnership between the FGLI Community Initiative and ASP, this program places first-generation/low-income (FGLI) students in small peer groups led by an FGLI-identifying junior or senior peer mentor. Students can talk through their experiences navigating Yale and receive in-depth information and support about important Yale resources and opportunities. [Click here to sign up for an FGLI First-Year Peer Group](#).
[Click here to sign up for an FGLI Sophomore Peer Group](#).

**Senior Thesis Peer Groups: Sign up this week—first groups forming soon!**
Students will meet regularly to share strategies, support, solidarity, and accountability in the development and writing of the senior thesis. Meetings begin the week of September 13. Sign up here: [ASP Senior Thesis Groups](#).

**Disability Peer Mentorship Program**
A collaboration between Academic Strategies and Disability Empowerment at Yale, this program matches students with disabilities with peer mentors who have similar experiences navigating academic life at Yale for individual mentoring. Students can request a mentor via this form: [http://tinyurl.com/2021MentorRequest](http://tinyurl.com/2021MentorRequest). First-year students can also request mentorship and guidance about Student Accessibility Resources through the [SAS Peer Liaison Program](#).

**ADHD Discussion Group**
Academic Strategies hosts a discussion group for undergraduate students with ADHD. Share strategies and support with peers who understand your experience. To sign up, fill out this form: [ADHD Discussion Group](#).

**Meet with our Learning Specialist**
Have a learning difference or other condition that affects how you accomplish your academic work? We can talk with you about new approaches for meeting Yale’s academic challenges. Contact Academic Strategies Learning Specialist Sarah Cussler ([sarah.cussler@yale.edu](mailto:sarah.cussler@yale.edu)) for an appointment.

Would you like to learn the skills of a top-tier strategy consultant, while working in service of a client you know and love: Yale University?

If so, we invite you to apply for the Yale University Swensen Fellows in Strategic Analysis program. Positions are currently available for summer internships as well as full-time positions following graduation from Yale College or Yale graduate and professional programs. Full-time positions are planned for two years, though longer-term commitments are possible in the case of exceptional performance. Summer internships are for 10 weeks.

The Group

Fellows will work in the Office of Strategic Analysis and Institutional Research, under the direction of Associate Vice President Tim Pavlis. Tim joined Yale in 2015 after over a decade as a strategy consultant, most recently as a Principal at Bain & Company in San Francisco. The group reports jointly to the Provost, Scott Strobel, and the SVP of Operations, Jack Callahan, and benefits from the support and frequent engagement of President Peter Salovey and other University leaders. We work on the most complex strategic challenges facing Yale and help enable University leaders to make decisions that best advance Yale’s mission. Our work spans the campus, from Science Hill to the Medical School, from the College and Graduate School to the Professional Schools. We address a broad spectrum of topics including: defining and measuring excellence, setting priorities, improving performance, and allocating scarce resources across the units that comprise Yale. The decisions we support will have a decisive impact on the future of Yale. We measure our results in the actions taken by University leaders and collaborate closely with them as partners in this endeavor. We believe the world needs more talented and dedicated analytically-minded leaders, so we envision this group as a training ground for leadership at Yale and beyond. Beyond the initial fellowship, we expect Fellows to assume leadership roles across the University, in other higher ed institutions, or in other organizations, whether for-profit or non-profit.
October 1st to Apply for Center for Language Study’s DILS and Fields Programs

The Yale Center for Language Study is now accepting applications for spring semester study for its Fields Program and its Directed Independent Language Study (DILS) Program. **The deadline for applying to either program for Spring semester study is October 1st at 1:00pm.**

The Directed Independent Language Study (DILS) Program gives students the opportunity to study a language that is not currently taught in a Yale classroom.

The Fields Program gives students the opportunity to pursue advanced-level language study within the context of their academic area of focus (generally in areas other literature if the language is taught at Yale, since advanced coursework in literature would likely be available).

Both are non-credit programs, open to all enrolled Yale students (undergraduate, graduate and professional). In each program, students work with a Language Partner—a native speaker of the target language (not a formal instructor)—in two 1-hour sessions for 12 weeks. The sessions aim to develop linguistic and cultural competence through active conversation and practice of what you are studying independently. With a limited number of slots available, a selection committee reviews all applications for their merit and appropriateness, and notifies students of its decisions within four to six weeks after the application deadline.

Details on each program and how to apply can be found at these links:

Directed Independent Language Study (DILS):
[https://cls.yale.edu/dils](https://cls.yale.edu/dils)

Fields Program:
[https://cls.yale.edu/fields](https://cls.yale.edu/fields)

Please note that all applications must be received by the application deadline (this includes applications for continued study from current DILS or Fields students).
Yale Degree Audit

Yale Degree Audit (YDA) is a tool that tracks your progress toward the bachelor’s degree. YDA is located on the Academics tab of Student Information System (SIS). YDA displays the Yale College degree requirements that you have already completed and those that are still pending. A “Look Ahead” feature shows you how future course enrollment might apply toward your degree. Yale Degree Audit does not take the place of face-to-face advising, although you may wish to share your audit with your adviser. Instead, it provides an easy-to-read summary of requirements, allowing you and your adviser to spend more time discussing course selection and academic goals.

Do not rely solely on your degree audit when planning your courses; continue to use Yale’s standard systems for schedule planning and employ YDA as an additional tool. More features will be added to YDA in the future, including the ability to track progress toward major requirements.

If you have suggestions, general observations, or questions that are not answered by the FAQs, send them to registrar@yale.edu using the subject line “Degree Audit.” If you believe that academic information in your degree audit is incorrect, contact our office.
