Application Deadlines for DILS and Fields Programs at Yale CLS

The Yale Center for Language Study is now accepting applications for study in its Fields Program and for study in its Directed Independent Language Study (DILS) Program.

The deadline for applying to either program for next semester is October 1st at 1:00pm.

- The Directed Independent Language Study (DILS) Program gives students the opportunity to study a language that is not currently taught in a Yale classroom.
- The Fields Program gives students the opportunity to pursue advanced-level language study within the context of their academic area of focus (generally in areas other literature if the language is taught at Yale, since advanced coursework in literature would likely be available).

Both are non-credit programs, open to all enrolled Yale students (undergraduate, graduate and professional). In each program, students work with a Language Partner—a native speaker of the target language (not a formal instructor)—in two 1-hour sessions for 12 weeks. The sessions aim to develop linguistic and cultural competence through active conversation and practice of what you are studying independently. With a limited number of slots available, a selection committee reviews all applications for their merit and appropriateness, and notifies students of its decisions within four to six weeks after the application deadline.

Details on each program and how to apply can be found at these links:

- Directed Independent Language Study (DILS): https://cls.yale.edu/dils
- Fields Program: https://cls.yale.edu/fields

Yale Degree Audit

Yale Degree Audit is a web-based tool that calculates and displays how an individual student's courses may count toward the requirements for the bachelor's degree. The degree audit enables students to monitor their own progress toward the completion of degree requirements. It also helps students, and their advisers discuss course selection for current and future terms more meaningfully by clarifying what requirements the student still needs to complete. Currently, major requirements are not included in the audit. Log into Yale Hub to pull up your audit.

Unlike a transcript, your degree audit is an unofficial document provided for your information and convenience. The audit serves as a tool to provide you with helpful and timely information when you are planning your course schedule, discussing your schedule with your adviser, and reviewing your progress toward completing the requirements for the bachelor's degree. Your degree audit is **not** an official academic transcript.

Yale Degree Audit will help you:

- Determine what requirements you need to fulfill in order to complete your bachelor's degree.
- View a list of all courses in which you have enrolled and the distributional designations each course carries.
- View individual course grades and cumulative grade-point average (GPA)
