

Dear Franklinites,

It was lovely to make some (slightly damp) s'mores with you at Four Courts. As the BFCC likes to say, "the biggest residential college party in Yale history." (Don't tell that to the Class of '54 – those guys are ragers). You'll hear more from Head Charles on the recap, but for now I'll just say we're so fortunate to have a dedicated crew in Spencer Hagaman BF 21, the Council, Suzanne McDermott, Kirsta MacClellan, Nancy Crowther, Michelle Tracey, Yale Security, the Founders' Club and others who made this happen for the college.

This is dig in time for classes. Out of the start and into the middle. Budget outside time while it's so gorgeous here. Think IMs!

I look forward to sharing my New England country roots with you next weekend with an apple picking trip to my favorite organic orchard in CT. Sign up in the College Office – you'll get \$10 to spend on loot at High Hill. Then we'll do some autumn baking Saturday afternoon in the HoC House. I'm partial to a crisp – you're welcome to try my recipe or venture out on your own. So long as there's sugar...

Finally, a recommendation. You may have read some of the New York Times "[1619](#)" series, a groundbreaking journalism project marking the 400<sup>th</sup> anniversary of the beginning of American slavery. There's a podcast that accompanies it, and this week's episode is from past College Tea guest Wesley Morris, listening to and talking about [music](#) and appropriation and freedom. It's excellent.

i

Warmly,

Dean Hill

## Yale Degree Audit

Yale Degree Audit (YDA) is a tool that tracks your progress toward the bachelor's degree. YDA is located on the Academics tab of Student Information System (SIS). YDA displays the Yale College degree requirements that you have already completed and those that are still pending. A "Look Ahead" feature shows you how future course enrollment might apply toward your degree. Yale Degree Audit does not take the place of face-to-face advising, although you may wish to share your audit with your adviser. Instead, it provides an easy-to-read summary of requirements, allowing you and your adviser to spend more time discussing course selection and academic goals.

Do not rely solely on your degree audit when planning your courses; continue to use Yale's standard systems for schedule planning and employ YDA as an additional tool. More features will be added to YDA in the future, including the ability to track progress toward major requirements.

If you have suggestions, general observations, or questions that are not answered by the FAQs, send them to registrar@yale.edu using the subject line "Degree Audit." If you believe that academic information in your degree audit is incorrect, contact our office.
