

Dear Franklinites,

It's the season of Masquerade and Rush and basketball and flu, all of which illustrate -- in ways smooth and sticky -- the need for reliance upon others. I toured a group of alums from the class of 1968 through Ben Frank over the weekend. They were suitably awed by the place as we stopped at each marker of the college's communal life. They made little asides about how different Yale looks now from then, a few of which induced an internal eye roll. But mostly what I noticed is that they wouldn't stop talking! No matter how much I cajoled, herded, yelled at them to keep moving, more to see. Fifty years gone and when these guys come back together the conversation never lapses. Mostly mundane stuff about a particular party or prank, some late night antics. (No paeans to their deans, alas). They were happy to be in one another's company.

As, I hope, are you, and will you be.

First-years: See you at **Fireside Chats**, starting tonight!

Juniors: - if you're looking for a lot of togetherness, in the very best sense... **FroCo applications** are due Wednesday by 11:59 pm.

Bring the Lightning!

-Dean Hill

A Time to Talk

When a friend calls to me from the road  
And slows his horse to a meaning walk,  
I don't stand still and look around  
On all the hills I haven't hoed,  
And shout from where I am, 'What is it?'  
No, not as there is a time to talk.  
I thrust my hoe in the mellow ground,  
Blade-end up and five feet tall,  
And plod: I go up to the stone wall  
For a friendly visit.

-Robert Frost

### **Juniors**

First-Year Counselor Applications

The [First-Year Counselor application](#) is now available online. All juniors in good academic standing are eligible to apply until 11:59 p.m. on Jan. 31.

## SHOPPING PERIOD GUIDANCE FOR CLASSES THAT MEET ONLY ON FRIDAYS

1. Students must always submit their schedules by the deadline as set forth in the YCPS.
2. All student schedules must reflect the courses in which a student is fully accepted. **It may be helpful to think of the schedule as a snapshot of reality as it exists right now. Students who are on a waitlist for a course cannot include that course on their schedule at all (even if the instructor promises to add new sections).**
3. Students should treat Friday courses as they would a course in which they are waitlisted, **unless they have already been accepted into and intend to take a Friday course. That is: students who are unsure about whether they will be accepted into a Friday class should seal and submit their course schedule without listing that course. And, as with waitlisted courses, they should inform their dean's office, preferably in writing, that even though they didn't list the Friday course on their schedule, they plan to shop it on Friday.**
4. Any student who so informed the dean of their circumstances before the deadline, and who then acts promptly to petition CHAS for a late add of that course (with the requisite CCN) after the deadline, can be assured that the late add will be approved.
5. As with all other late adds, the Registrar will assess a \$20 processing fee. **The fact that a student was not able to sit for the course before their schedule was due is not material here; all late adds must be processed, and the Registrar assigns a fee to process them.**

## SOM BLUE FORMS

The portal Yale College students use to request permission to enroll in SOM courses will not open until Jan. 26. SOM is aware that the blue form deadline is Feb. 6 for full-term and first-half courses, but it may take as much as a week from the time the portal opens until the last permissions are processed and the students notified.

Students should take the following steps:

1. *Include the SOM course in the "include/remove" section of your course schedule.*
2. *On Jan. 26, when the portal opens, log in and enter your permission request.*
3. *Have your blue form filled out and the syllabus already attached. As soon as you are notified by SOM that you been granted permission to enroll in a course, take your blue form to the SOM registrar's office and then to the instructor to get the required signatures.*
4. *Turn the blue form in to the Benjamin Franklin Dean's Office as soon as possible, but no later than Feb. 6.*

The Yale College Registrar's Office turns over blue forms as quickly as they can, but it takes time for the forms to arrive in the office and then for them to process the credit request. As a result, it is possible that it will be well into February before students know whether they will receive credit for an SOM course. Students should plan accordingly; this is a scheduling situation that cannot, unfortunately, be changed or controlled.

## Teach.

### The U.S. Grant Foundation

**Opportunity:** Since 1953, the U.S. Grant Foundation has provided exceptional summer academic enrichment programs for gifted New Haven Public Schools middle school students at Old Campus's Dwight Hall. We are currently hiring seven *summer teachers* as well as two *year-long co-directors* (who serve as the program's teaching leadership, administration, and nonprofit board members). Yale undergraduates get the chance to teach creative, self-developed courses about their passions and develop their teaching skills—while giving local students the chance to expand their academic horizons beyond the classroom.

**Who Should Apply:** Ideal candidates should be passionate about education, invested in the New Haven community, good with children, and eager to improve their teaching skills. Visit our website for a full list of [teacher responsibilities](#) and [FAQs](#).

**Compensation:** \$3,400 over the course of the summer, in addition to some meals covered by the foundation.

**Housing:** Except in extenuating circumstances, teachers are required to live together in a U.S. Grant house. Rent varies from year to year, but generally runs from \$600–1000 dollars total for the summer.

**Dates:** The 2017 summer program runs from June 25<sup>nd</sup> to August 3<sup>th</sup>. All teachers will be required to arrive in New Haven by June 15<sup>th</sup> for teacher training. Spring training dates will be determined after hiring.

**Application:** Complete the following [application](#) by Sunday, February 11<sup>th</sup>.

**Info Session:** 8PM on Tuesday, Jan. 30<sup>th</sup> in LC 103.

**For More Information:** Visit <http://campuspress.yale.edu/usgrant/> or email [usgrantdirectors@gmail.com](mailto:usgrantdirectors@gmail.com).

Yale Summer Science Research Institute (SSRI)

We are currently seeking a qualified candidate to coordinate the Summer Science Research Institute at Yale, an exciting science outreach internship program for local public school students. Our team is in the process of finalizing admissions decisions for the 2018 summer program, and we're now looking for a dynamic, organized undergraduate or graduate candidate who is excited about the program's mission - even if you're not involved in science at Yale!

The Yale Summer Science Research Institute (SSRI) connects enthusiastic high school students from the New Haven area with scientific research labs at Yale. We aim to provide high-quality research experiences to New Haven students to excite them about scientific investigation, enable them to explore new scientific fields, and to increase their college preparedness. In doing so, we hope to foster long-term relationships between Yale laboratories and high school students. Students come to campus for a 6-week research internship supplemented with weekly workshops, lunches with student mentors, and a day-long research symposium at the end of the program.

The Coordinator will be in charge of program administrative responsibilities and will act as the point of contact and facilitator of program events during the 6-week period. The working hours are part-time from May until August, with flexibility in fulfilling the working hour requirements outside of when the 6-week programming is in session.

More details about the position can be found at the following link: [onhsa.yale.edu/SSRIcoordinator](https://onhsa.yale.edu/SSRIcoordinator)

For more information about the program email [maria.parente@yale.edu](mailto:maria.parente@yale.edu).

The applications for Cultural Connections Counselors are now open. Cultural Connections is one of the pre-orientation programs at Yale. Cultural Connections brings in together students of all backgrounds and cultures and empowers participants with a community, knowledge of resources, and early conversations centered around the salient identities of students. This summer, the program will welcome students from the Class of 2022 from August 18-23. Rising sophomores and juniors are welcome to apply. While previous experience is valued, it is not an exclusionary factor. We are looking to recruit a pool of candidates that reflects as many experiences found at Yale as possible. Selected candidates must be able to arrive on campus on August 16<sup>th</sup> and participate in the entirety of the program and attend trainings in late Spring.

[Applications are due on February 9<sup>th</sup>.](#)
