Announcing the Chun Challenge for Change

The Yale College Dean's Office, in partnership with the Tsai Center for Innovative Thinking, is offering a \$500 prize to students who propose innovative approaches to improving life at Yale.

Proposals can address:

- **Environmental issues** -- climate change, sustainability, food waste, Yale's energy efficiency
- **Student wellness** -- mental, emotional, physical, social or professional health
- **Belonging at Yale** -- diversity, equity and inclusion on campus
- **Any other solutions** to problems that you think our community can address

Proposals are judged for being innovative and interdisciplinary, and for their impact on addressing a problem at Yale. The winning team will get \$500 plus dinner with Dean Chun.

Teams must include a minimum of two Yale College students from the same residential college and must include students from two or more different majors. Teams from each college will be selected and notified by March 18th.

Teams must present their ideas in under three minutes to a panel of judges, which will include Dean Chun, on April 3rd, from 5:00 p.m. to 7:00 p.m. Teams will get support from Tsai CITY staff to practice their presentations.

To apply, click [HERE](#). Applications are due at 11:59PM on March 8th. For questions regarding the Chun Challenge application, please write to Nya Holder (nya.holder@yale.edu).

Yale Degree Audit

Yale Degree Audit (YDA) is a tool that tracks your progress toward the bachelor's degree. YDA is located on the Academics tab of Student Information System (SIS). YDA displays the Yale College degree requirements that you have already completed and those that are still pending. A "Look Ahead" feature shows you how future course enrollment might apply toward your degree. Yale Degree Audit does not take the place of face-to-face advising, although you may wish to share your audit with your adviser. Instead, it provides an easy-to-read summary of requirements, allowing you and your adviser to spend more time discussing course selection and academic goals.

Do not rely solely on your degree audit when planning your courses; continue to use Yale's standard systems for schedule planning and employ YDA as an additional tool. More features will be added to YDA in the future, including the ability to track progress toward major requirements.

If you have suggestions, general observations, or questions that are not answered by the FAQs, send them to registrar@yale.edu using the subject line "Degree Audit." If you believe that academic information in your degree audit is incorrect, contact our office.
